

Joshua Russel P. Uy

Full Stack Developer • IT Support Specialist • Web Developer

ujoshua368@gmail.com • +63 919-503-4746 • Tagbilaran City, Bohol, PH • GitHub: JOSHUA-A69

SUMMARY

IT graduate with hands-on experience in full stack development, RESTful API design, database architecture, and IT support. Proficient in React.js, Laravel, PHP, JavaScript, MySQL, and Docker. Proven track record delivering end-to-end software solutions and improving operational efficiency through process automation and scalable system design.

TECHNICAL SKILLS

Languages & Frameworks: JavaScript (ES6+), PHP, Python, HTML5, CSS3, React.js, Laravel, Bootstrap, Tailwind CSS

Databases & DevOps: MySQL, Git, GitHub, Docker, Linux CLI, Windows Server — schema design, query optimization

IT Support: Hardware/software troubleshooting, LAN/Wi-Fi networking, OS setup, workstation deployment

WORK EXPERIENCE

Administrative IT Support Trainee

Provincial Government of Bohol — Procurement Management Unit | Dec 2025 – Mar 2026 • Tagbilaran City, Bohol

- Provided Tier 1–2 technical support for hardware, software, and LAN/Wi-Fi issues, reducing end-user downtime.
- Implemented document management systems (filing, indexing, scanning) that improved record retrieval efficiency.
- Configured workstations and AV equipment; coordinated procurement document routing across departments.

Office Clerk / Technical Support

Provincial Government of Bohol — Tourism Office | Aug 2021 – Jan 2022 • Tagbilaran City, Bohol

- Resolved hardware and software issues for office staff; performed high-accuracy data entry and records maintenance.
- Supported daily administrative operations, improving office workflow efficiency and document confidentiality.

PROJECTS

eReligiousServices — Web-Based Reservation & Scheduling System

Stack: Laravel • MySQL • Tailwind CSS • PHP • JavaScript

- Built a full stack web app for Holy Name University to digitize liturgical service reservations with role-based access control (RBAC), real-time calendar scheduling, and automated notifications.
- Architected a normalized MySQL schema; conducted stakeholder interviews to align features with operational needs.
- Delivered measurable impact: eliminated scheduling conflicts, reduced admin workload, and built management dashboards.

Personal Portfolio Website

Stack: React.js • JavaScript • CSS3 • Responsive Design

- Designed and developed a fully responsive React.js portfolio showcasing projects, skills, and professional background — optimized for performance and cross-browser compatibility.

EDUCATION

Bachelor of Science in Information Technology — Holy Name University, Tagbilaran City, Bohol • Aug 2022 – May 2026

CERTIFICATIONS

Responsive Web Design, freeCodeCamp (Oct 2023) • **Front End Development Libraries**, freeCodeCamp (Aug 2024)
